WHY YOU SHOULD VISIT US

CURRICULUM BASED ACTIVITIES

Inspire your class with hands on, interactive activities. We can work with you to adapt our activities how you see fit.

AMAZING FACILITIES

We have a wide range of fantastic specialist equipment including a TV studio, Radio Station, Robots and a 3D printer.

TRANSFERABLE SKILLS

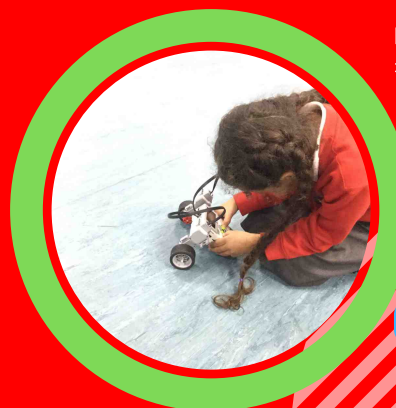

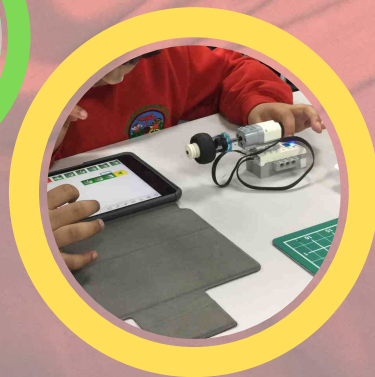

Solving contextualised problems allows children to build on classroom knowledge whilst developing skills such as teamwork, creativity, logical reasoning, cognitive skills and much more. Let us inspire the thinkers of tomorrow.
