

## What is a Tapestry online learning journal?

**A learning journal is a record of each child's learning and development which shows snap shots of children's achievements and progress in relation to the EYFS.**

At Parkfield Community School we take photographs, videos and write comments about your child and then we add them to Tapestry so you can see what your child has been learning. These observations also support our assessment procedures so we can make judgements about your child's progress.

In order for you to access your child's observations on Tapestry, you will need to provide us with a current email address. This will allow us to set up an account linked to your child so you can view and comment on what your child has been doing. The account will also allow you to add your own observations of your child at home.

Staff will also use Tapestry to communicate with you over the Summer. They will post videos of your child's classroom and a story read by their new teacher. They will also set the children challenges throughout the holiday to keep them active.

You will be notified via an email once your account has been set up. Once you have received this email please activate your account by following the instructions.

Thank you
