22nd October 2021

Dear Parents/ Carers

After half term, there will be some major roofing work starting and lasting 6-8 weeks this term, and a similar length in the first half term in Spring. I sincerely apologise for the late notice of this; however, after meeting the representatives of various companies involved yesterday, they were keen to start ASAP to minimise disruption to the school community, hence why we are having contractors in during half term rather than facing some heavy disruption in the first week back.

Therefore, there will be scaffolding and Heras fencing around parts of the school. There are maps of all the affected areas on the back of this letter, and on the website. This will also affect where your child will be dismissed if they are in Years 2 to 6. Again, please see the maps overleaf for more details. The contractors will be working on this section of the school for 6-8 weeks which will take us up to the Christmas holidays, then they will move to phase 2, which I will inform you about nearer the time.

Furthermore, due to the new arrangements of home time, and to allow the children to get to their respective places to be dismissed by their teacher, we will not be opening either of the playground gates until 3.20pm. I apologise for any inconvenience caused, but I'm sure you will agree that the safety of the children must come first.

If you have any queries, please contact the school office on 0121 464 1131.

Best Wishes

James Wright
Head of School
